DISCOVERY: 1 - GETTING STARTED TE PUNA MĀTAURANGA - LIBRARY LEARNING CENTRE

You can search across Library resources with one search using DISCOVERY.

To start a basic DISCOVERY search:

- Go to the Library website (<u>https://library.nmit.ac.nz</u>) to find the DISCOVERY search box.
- Try one of these two basic search options:

Option one:

• On the DISCOVERY search

box, type your keywords in place of the '*Type your search*' text prompt e.g. Type in keyword *Treaty* of Waitangi .

• Then press the Enter key or click on **Search DISCOVERY** and you'll be taken to the DISCOVERY platform with your search results displayed.

Option two:

- You can go directly to the DISCOVERY platform by clicking on **Search DISCOVERY**.
- Then put in a search term (e.g. type in *Treaty of Waitangi*) in the search box.
- As you type your search, related search terms and publication suggestions may appear under the search box (as shown on the right).
- If relevant, you can click on one of the suggestions or complete typing your own search keywords.
